

# Health & Safety Class Rules

1. Due to space limitations, ONLY 1 adult may attend class with your child.
2. Everyone must wash their hands upon arrival.
3. For your child's safety, all walking children in the Toddler and Preschool Classes must wear indoor shoes (socks are not an alternative.)
4. If your child puts a material in their mouth, it must be washed with soap + hot water, and dried before returning it to the shelf.
5. Take extra care to ensure cups, plates, and cutlery are put out of reach to be cleaned immediately after use.
6. If you or your child have any signs of a cold (runny nose, weariness, cough, low fever, etc.) you must stay home. If the teacher notices any symptoms arising during the class, she will gently ask you to leave.
7. If you notice any dangerous or disruptive behaviour in class, please interrupt it with a kind, but firm redirection to a safe and considerate activity.
8. Please avoid negative talk during the class. Let's keep our time together peaceful and positive! :)
